

## 171st Knowledge Seekers Workshop, May 11, 2017 (Full ZOOM recording)

(What will happen to Keshe Foundation after Mr. Keshe earlier he set up the Bahai, How the soul filters and creates the Physicality, Collective soul of the earth, He declares he is the Second Coming of Christ as are we all, (there is very deep discuss I didn't write out about how the soul is formed and connected to all ...), Gives a history of Keshe Foundation and his discovery of gravity, Talks about Hans and how he made him a terrorist, Illuminati's have threatened him and ask for ransom and gives details of the whole interaction and link to King of Belgium, Vote whether to pay the ransom, )

(:11). There will be part one and two will be how to manage the worldwide KF and how to handle them. (:18). What will happen to KF after Keshe. Early he set up the Bahai in Haifa to watch over it, but now change? (:22). (:24). Sandie explains her work on Universal Council.

(:36). They carry no instruments to enforce their will, only the strength of the soul... (:41).

(:43). Through my Technology and wisdom, setting up the structure, I will achieve my goals. As we started last week explaining about the soul, a lot of you have come out understand how powerful the soul is, and now that we start establishing ?? its point of creation from the amalgamation of not only 2 entities, the egg and sperm, but where the whole society (of souls) come together (to allow its creation). We need to understand more and more about the structure of the soul itself. I explained that the soul of the man has a structure. (Draws on white board), we have an entity called the soul, in filtering by E it gives us the Physicality. (:45). There must be a certain point where the soul itself carries a representation of Physicality. It's like the light is always white, but the filter you put in front of it dictates the color you absorb. In essence the color you absorb is embedded in the light itself, otherwise it can't manifest itself in Physicality in what you wanted. So this entity we call soul must have a structure within itself, that in understanding itself it manifests itself in Physicality of the Man. The filter is the condition of this planet. If you change the filter to yellow then the white light will show itself as yellow on the other side depending on the filter. But it has to be inside itself as the light structure of Physicality. Where this Physicality itself receives information and interaction with other souls that it says that in this environment I want to look this way, but if I come to another environment with a different color filter, ?? (:47). then I manifest myself accordingly. The filter is the environment of the manifestation and presentation, depending on the strength of the filter. So within the structure of the soul exists the structure of Physicality of the man's intention of his representation and manifestation at the point of Physicality. This means, that if this soul exists in ?? interactions simultaneously as it radiates in different directions with a different filter, where in this filter the existence of it .. can show itself as another entity. Do we exist in different dimensions according to the establishment of the strength and the filtering of the entity we represent .. yes. In the structure of the Physicality the filter allows us to be seen, for us at the strength as a man. At the same time as part of the soul of the soul of the planet and others, we exist ourselves collectively as entity, as the soul of the planet, then all the stars and planets and any other entities within the galaxy, (:49). represent the Physicality of that galaxy. Galaxies are one of the most beautiful representations of the Physicality of the existence. In the pictures we see from the new tools in the detection of the environment of the space, we don't see galaxies having arms and legs but we see the interaction of the fields, this is their existence with no P dimension, this is the life of the entity, this is P and interaction, it's totality, where to the eye of the man

we don't see the p boundary, but if we had the MG field strength of the galaxies we would see the "arms" "legs" and the beauty of how it breaths. There is no difference in the world of the creation of the U. It's understanding the proportions, conditions and the strength of how the entity manifests itself. With this understanding we come to a fundamental point, that within the soul of Man exists the totality of the structure of the manifestation of the entity in all dimensions of the U. It is dependent on the filter and ?? independent of the observer. If I am blind to the color of blue it won't matter if you put a blue filter in front of me because I'll never see it. (:51). But that doesn't mean that the sun the radiates its fields doesn't exist. But maybe I see the same thing that is in the blue filter, but I see it in the green ray and you have 6 arms and 2 legs. Man has to come to understand the play of the fields and not the tangibility of the Physicality. 32

(1:00).

(1:05).

(1:12).

(1:25). Our ignorance of the cause of creation has become the cause of our own demise. Do we need to understand more that we become detached from the Physicality? In fact we never become detached, we just move the filter to show the Physicality now, to where we want it to be. Because it doesn't matter how strong the sun is, at one point or another it has to show itself, whether at the level of the moon, or Saturn, or at the boundary of its Plasmatic fields, what we call its shell. Understanding the structure of the soul is the cornerstone of the development of Man in the Universal dimension, otherwise Man will be stuck in the dimension of Physicality. Many times I have said that I am ashamed to be in the body of a Man, because the filter which is created for me to be in that manifestation brings me pain and nothing else. It means that I can't give, and when I give it's not taken, so I am frustrating myself in giving what is not being taken, which is for me is peace for the love of this planet. Now those who say, why are you ashamed, it's the shame that comes from wasting too much energy, giving so much and not getting people to take enough, because they like to stay in the dimension of Physicality, (1:27). and that is a waste of time, energy and my soul. But in (another) way we look, and we say it is worth it, because may are changing and if we add up more and more, many more will also change. No dispensation has every achieved to reach so many people in such a short time as the KF has. This is the dispensation of the Creator and not the Man. This is the time for Man to grow to become part of the UC. And only one who resists it is the one who wants to stay in the dimension of Physicality. When you look you see those who create love and pleasure, those who create the comfort for the other find peace within themselves, because they receive more and by that understand more and they get enlightened. Start looking in the structure of your soul to find out which position it has taken that you have shown yourself in this dimension of Physicality and why. The physicality is not just the body, color of the eyes and skin, it's (also) the operation of the E of Man. When you want to change the sun is the same, it's the filter that has to be understood and change from green to blue, that you show in the dimension you are in, how you will look. Even though if you decide, you'll see the transmutation of your own structure as you enter a new dimension. (1:29). Man in the future will see something very strange. ... the explanation of it has to be at the level that all Man can comprehend. In the time when Man travels in the SS. In the condition created inside the SS this is how we will look to each other inside, he draws 2 men in SS. Once we come out ... (trouble with using the computer pen) ... many times when I run into trouble with these things it means that it is not the time to share the knowledge. It's not time. Let's just say that Man decides to land on a planet. This planet has a

different strength. Inside the SS you were looking like on earth because those are the fields inside the SS. But on the planet the strength is different, so in traveling from one to the other you'll find that your Physicality has become a totally different entity. The very first time (this happens) it will be very hard for Man, because remember it's the filter which is the size of the manifestation. (1:32). Man will experience this many times, here on earth the moment when we want to enter (the SS) we have to withstand, what we call the ?? "Magspheric" shield. Here man will go through a beautiful feeling of transmutation from one entity to another, and when you go back (to earth) you will return back to your normal form. Now you understand in the past teachings when I said that Man never dies, because when the soul, which is the essence of his creation, leaves the Physicality to be known as it is, takes a new dimension of Physicality in a new strength to where he chooses to reside in. This change at this point of field transfer, exchange, will be one of the most experiences Man will have. Many creatures of the U have become addicted to it. it's an ?? the way that you ?? leave any dimensions but not in one ?? time. It's what's called the joy of being a part of the UC. Because in this craft you live for 1000 years but in this dimension 10,000 years (the planet you travel to??), because you use different field strength of higher order, it means you live longer. Or you can extend or reduce the time according to the environment. (1:34). The cycle of the trouble in deep space will become the joy for the men of space, as long as they understand the Physicality of this SS is a mirage or vision of the Man and the truth about the soul of Man. teaching this will take time but understanding it will take longer. But some of us will jump into it and swim like a fish, because we have always been in it, and some through the fear of the unknown of what we will look like when we arrive at the new position (planet) will stop us from jumping. And our own fear will lock us back on the planet earth and we'll do anything to remain and not take the step because we feel comfortable here ... and this is our right. Not every entity or man will take into deep space, when they see the balance of their soul, and the attachment to earth, gives the peace to their soul. Even on this planet not many men travel and move to live in another place, because home is comfortable, everything is there, "I don't want to immigrate." And some of us don't immigrate but we call ourselves travelers, because we like to be there but just enough so that we can come back and confirm our existence in our (home) place and the souls we are used to. Now you understand more about the structure of the Physicality of Man. (1:36).

(1:40). The question has been asked by the Iranians, are you claiming to ?? Lefty (coming Avatar)? Yes I am, as so are all of us. It is the coming of peace that make all of us the "Coming One", because it is a promise we make to our soul to elevate it to a position of being one with the others. Am I the return of the Christ? Yes, so are all of us. Are we the Mesha (messiah), we all are it our intention is creation of the peace, unity of mankind, and ?? the UC. Man has to be educated and elevated to understand this. "I am the Totality as you are." It's you who has to decide how much of the Total that you want to manifest, and those who understand this will understand the Totality of creation. If you think it is the man who has to get up for work and do this and that, then at the level of the soul there is no rest, (1:42). no time for to be continuously aware, work to give that you don't take, and it takes a lot of energy, because the more you get the more you give, and god knows the cycle never stops. Then for it to become an ??? open no, you create for yourselves a balance of the creation. I can't tell you I love you if you consider it as a fake, because at the level of understanding you never understood the love, which means you never understood what was given, as you have looked too much inside yourself for what you can take so as not to give, but you thought (to yourself) that

you gave a lot. Which means you have put dimensions (conditions) on it, so I don't want to accept. The E, operation of the soul is very much different than that of Physicality. And there are those who translated to the others that this is the way your soul works and how it is done ... because (these "teachers") never understood, but they used the weakness of the man to tell or to confirm, or try to tell them that this is how it should be, because they never understood, but to the eye of the uneducated they are very right. Learn the message and to understand. As I said many times, Sandie, Vince, Caroline, Derek, we are all part of the same soul. (1:44).

(1:58). Questions. If you take the filter away is that the time that we die? No, you can exist without the filter, if you take the filter away that is the time you shine across the U.

(2:31).

(2:35). Talks about history of KF.

(2:37).

... We escaped to Italy, they killed Fabio, they threatened us. I am the Messenger of God, you can't kill me. (2:39). You touched Christ, not this guy. That position allowed us to become, Making us, me a terrorist, keep me 11 days in (Toronto) airport, they haven't found any bombs. Because of Hans Brachenjeh, it's on the Internet what he has done, he made me a terrorist, so you are all KF terrorists, because I didn't give to Hans and Prince Phillip the present King of Belgium. He came the day I finished the first documents ??? I can show you the documents I filed for the Belgium government. Since 2005 I have been the gypsy of this planet trying to stay alive so I can teach my T, but it has been good. It was Hans, Phillip, and me, when they couldn't get it (my T) they sent the father, king, you have seen pictures on internet, threatening. I said to him, I go and you abdicate. A few months after I left he abdicated (the throne). Look on Internet, it's written, unknown queen of Belgium. This is how we became terrorist. He's a terrorist but we can't find any bomb. (2:41). and he teaches how to make peace, doesn't fit, does it.

... We'll start the second session now. This will be written in the history book of the KF, it is better that you learn it from me than from anybody else. I was born in Iran to a fairly wealthy family, close was the richest family in Iran during the Shaw's regime. Time magazine reported they employed over a hundred thousand people in 1995.

(2:43). In my childhood I saw wealth and abuse to the extreme. I said to myself, in my time this shouldn't have happened. At 15 or 16 i went to England because I knew that I had to change the direction, (towards) travel into space and the humanity. I graduated from Queen Mary Collage in 1981 as a nuclear Physicist specialized in Reactor design system control. It's very rare to train a Reactor Specialist, they do it every one or two years. We were trained to design from the ground up (dust) and run a nuclear power station, knowing everything in the system. At that time I was told that there were only 5 of us across the world, and the majority were in Russia. I met one of my colleagues in the world. I worked for British Nuclear Fuel for a short time but I walked out because I couldn't understand the injustice to the side of nuclear business and secondly it never fit my mind. In 1982 I went into the world of Business, I lost, about quarter million pounds

in my first business as I didn't take the business side of my family serious, I was more into science. Then I learned the business as that was more fit to me. (2:45).

(2:50). around 2000 I discovered the Gravity, I sat in one corner and burst into tears. I discovered G.

(3:14). Mr. Hans Brachenjeh, the lawyer who was appointed to protect Keshe's interest, was presenting Keshe's Technology to the Prince Phillip but Keshe wasn't allowed to attend. He went with his car to see why he couldn't attend, he saw them, physical misconduct but thought that it was their problem. He went with Caroline to meet him, when he opened the door Hans was there, he said to him, aren't you the lawyer from Warhart (?) ?. Hans asked why? Isn't it illegal to represent me when you work for the other side, isn't that a criminal offense. He said, sit down Mr. Keshe I want to talk with you. What you have done is criminal and now you want to negotiate a contract you have already written (with the other side). I said you can't be a lawyer on both sides. You'll understand sit down. I wanted to leave but said, let's hear what this guy has to say.

(3:16). He wrote 4 organization names on a paper and gave it to Caroline and said these organizations are going to kill your husband if he doesn't collaborate. I took it and through it back at him and said we are leaving and not talking to you. You are a criminal. I walked away and ended the collaboration with Warhart. One beautiful man worked with me in Belgium, he got in a lot of trouble to help me, Olivier and I set up the first Keshe Foundation website with his family, beautiful brother. He said I have seen a UFO before and I know you have the Technology, and they looked for a way to bring out the T. He called me one weekend and said he found a company that can help finance it called Imach in Loven. (3:18). One man said we need to patent it but first have to check that it is correct. Keshe had all the research papers in his house. .. Olivier had mentioned patenting earlier, they went to a company that wanted 3,500 euros to write the patent. After 3 months they said this is totally unknown T and we don't have anybody who can write it. Can we have our money back, they said no. We own 85% of the companies in Europe and nobody can do it, it's vary hard to write about a natural phenomena of gravity. (3:21). We were looking for some one, then they said we found someone. Keshe didn't know that they were seeding in their own people at the time. It was Def Flourescience, he said he could write the patient, we sat in my house day and night writing it. I didn't know at the time but Mr. Windergrava (?) considers himself the unknown son of the King. They were all good friends. So when I walked out on Hans Brachenjeh and going to the other company, Hans decided to take revenge and make me a terrorist. We never understood before why we couldn't get anywhere with the T. Derek described exactly how I become a terrorist through Hans. (3:24).

(3:28).

(3:31).

(3:34).

.. in that system was a flight S, even Arman doesn't understand what you have to do to fly, it's in that S. (3:40).

(3:44).

... I call for the arrest of these 3 Belgium's across the world. (3:46).

(3:50). We ask for protection from the UN for my life, wife and child because they will kill us, the new plan is to kill us in any shape or form, if I die the King of Belgium is responsible, Mr. Phillip you are not a King, you're a piece of god knows what. You allow others to carry out murders in your kingdom and that's why it should be the end of kingship. A king should protect his people and not kill them. Mr. Hans B. I make a call to you directly, take me to court, not for slander but attempted murder. I will call the European Space Agency this week and ask for your resignation as a murderer. We'll put so much pressure on you until you put yourself forward, the same with Delanjoir (?). You are a murderer Mr. Hans, head of ESA. You have murdered many, pressurized, now when I read the papers published in the news before and after, it makes it very clear. You are nothing but a piece of shit, not a man, a homosexual, a gay who finds through the bed of other men his position. Challenge me, I will meet you in the court. Nobody ... (3:52). Mr. ? you are on a wheelchair in England. I am not angry, but I am angry because we could have achieved peace for humanity in a very easy way. Why should I and my family pay for a man who is a murderer. 26

(3:56). Illuminati's have asked us to pay \$38K to a bank account in US. We have already informed the FBI and CIA. (3:58). If we stand weak they'll push. To all KF supporters, if we give up now to Illuminati's we give up totally. They threaten to make videos to discredit the KF.

(4:04). He takes vote to see if the KF supporters want to pay the Illuminati's and the second question is will the KF work with them.

(4:08). The man from TEPCO has been threatened to make a video saying the cancer research was fake.

(4:11). He reads letter. They want 500 million to survive (on earth), your T allows too many to live. I offered them the option to open space but they said no.

(4:19). I have a message to the Illuminati's, come and sit down and talk with us, but this time every man has to be free. I don't reject you, I embrace you as brothers that through it we find peace. Through it you change your ways to our ways, and now we open the space and with it we find the peace for humanity. In your letters to me it shows that you know the T and it's so 100% correct. It says we do this not for the money but to destroy your organization. I want to know if the KF is going to be destroyed by this intimidation, by this ransom. We are not paying you can make as many videos as you like. The Bank of America, in name of Mr. Cansunal, account # 004637189787, we have spoken to Bank officials, he uses a yahoo account. Write to him that we do not pay ransom. His wife, Mayuri Seko, Account # 1005754 Bank of Tokyo, he gives his home address and number. (4:23).

(4:25). TEPCO confirmed that Mr. Cansunal worked for them.

(4:27). Your devotion is the strength of the Foundation.

... We don't think 500 million like you do, we accept the 7 billion lives as precious and we preserve them, we have the T. If as in your fear that this T will cause there to be too many like bacteria's (population). You are the bacteria's of the life of the Man. Pack up and leave. (4:30).

(4:36).
