

## 321st Knowledge Seekers Workshop March 26, 2020

### ENGLISH TRANSCRIPTION:

(:10).

.. If it is like this for another 2 or 3 months, then we shall see a massive establishment of the new order. (:18). We see the establishment of one nation government will be forced by those who control the food line, to become the controllers, and have already pushed a man, as a sacrificing goat, that if he goes wrong, into the front. In so many ways, we see a "New World Order," to be seen as an opportunity for setting up. In so many ways, we have no solution. In so many ways, then they will decide which country will sacrifice how many people, to be given their lives, to reduce the numbers. This is part of the bigger plan. If those who talk about reduction in population will come. We give you 1 ton, and you decide who lives, and you reduce your population by so many. Very much like when IMF moves in, now it's different, now it's a food monitoring organization, which means these organizations will decide who gets food and the rest die of hunger. They decide, that the American states will carry the majority of the population and the elite, and those in Africa will become minimal, just enough to grind the mines, and the things the West needs, (:20). and the slavery costs.

.. essential foods for 6 months food are held in reserve by law. Every 29 states, (:28). or the whole of EU states have to have 6 months supplies in reserve of the 20 most essential food products, and has been kept to that by the governments. We know how it is kept so perfectly and precisely under regulation. Europe will last 6 months with food, with rations. China will last through, maybe another 3 months, as we go through April, May and June, the harvest will not be enough, then they have to ration .. India will suffer heavily until May. The same will be right across the Arab states and Africans will be the only nations, those who live inside will survive, because they lived off the land and the trees. The UN will literally bring themselves to the point of destruction by killing themselves and destroying everything they had. Don't forget, the wall could not be built, and there are many Mexicans and hungry ones across the border. In so many ways, the border officers will run away from those who come to them, because they might infect them. (:30). In so many ways, even if we go to the point of population reduction, they need to decide whom, an .. Unfortunately, their leadership have been touched, they thought they would be protected. We have seen that Prince Charles of the UK, next to the Throne has been cleared to be infected. We see Prime Ministers, Canada, Spain, across Asia, and many ministers and officials are all infected. Those who do not agree with the new government will be infected. Now you can see the pattern. It is what I call, "Mussolini Law." Mussolini agreed that, if Hitler would not bomb and destroy, he would hand over the nation. This is the technique to do the same. (:32). In a way the central government position has been structured that they decide who lives and who goes, and you have to deliver. This is not hypothetical, this is a fact which we all have to face. Italy is locked down. Officially, one thousand eight hundred died in the last day, unofficially, there are no room in the mortuary and they are moving bodies from city to city. As we have seen truck loads of bodies moving on the streets,

the same in other parts of the world. The extent of death and infected are unknown. The tape we played is the celebration of the freedom of the man. Within the next days KF will release in conjunction with those who work with us, a total package for saving humanity, from testing, to prevention, reversal and cleaning up the environment on the level as we gave to the Chinese Army, but in the next step, (:34). that can meet the next stages of the problem. We will not wash the reality of the process under the carpet. As you have seen, the flags of the nations on the Cups, they are from every corner of this planet. We are the only organization that has established itself over the past 15 years to ?? in the society and those who believe in the ethos of the KF. I wonder how many of you could ever imagine ... that you would be given the chance to live by your soul.

will be set in the future.

.. in the space I give you a gift of ..

(:36). ... We will hold the Tehran conference next month, if as we planned, things go according to plan. The Iranian KF team is working relentlessly, and are teaching people to help themselves. and the drop in mortality in Iran , is by

.. the death toll in Iran would have been much higher ..

.. is evidence that clinical trial by the masses, (:38). has been carried out. In so many ways there is no solution, except the path which has been taken by the Iranian KF. For you as KF people we setup more then, what we call, KF national level, for you to go in and bring your people in and teach them what to do. The biggest problem will be that how far, and to what extent, you as KF Knowledge Seekers (KS) are there to help another man, and not just make 10 Cups, I am ready to go. You make 10 Cups, I have given, and they are ready to go. That's what it has to be, now I am ready, I have all the Gans's. It's too late if they catch (the virus), but you have those Gans's in your homes, those Cups in your homes are useless. You need to put a team and people together. The Iranian KF people produced thousands of Cups per day, and by call they deliver. We do not go for clinical trials. We go for critical trials, where we change things that can critically change the situation in the nation. The pattern of the work, which is carried by the Iranian KF needs to be followed, and in that process we need all to work in that direction. (:40). In a simple way, you start governing. In so many ways, the fact for the freedom of the man stands on the shoulders of the KF KS, we submit ourselves to the dictatorship of how many of us will be eliminated, or we stand tall that we are not there to be and we have what we need.

To this effect I take the teaching to a new level in a very simple way, and the Knowledge Seekers (KS) who understand will take it to its ultimate goal in due days. You have to understand that the biggest problem with this planet has been the lack, that it has depended man on eating others to gain energy. In fact, the STM was not brought up to the level, to be independent on his own, that he doesn't need the leech of the

physicality. To that effect, some weeks ago I released a base for all souls to be leveled, out that it doesn't need the extension, to be dependent on the food on this planet. What I explained in a very simple way is such, go back to all my teachings, "you are the last man standing," and this (situation now) is the last man standing. It cannot be anymore truer than this. It's you. If you get the Corona, (:42). (and then you go) in a hospital, maybe they can take you through the first one (first Coronavirus infection), but soon you have to go home, and what you do at home, is "the last man standing." But there is one other point with all those who are, "last man standing," our spaceship is floating and no one knows, which man will stand. The spaceship of Earth, at speeds beyond your imagination is traveling across this galaxy, and solar system, with rotation around itself, but no one know in which house, in which room, which soul is allowing its physicality to suffer, due to not understanding, in the coming days, a lack of energy as food.

There was a need to bring those who understand the knowledge, to a level of understanding, of leveling of the souls. That means, you do not need to kill, and this will put, what I call, the KS a step ahead, of the planned mass murder of people, by those who planned to create, controlled reduction in population. In one move, not only have we changed the whole structure of leadership, the government, the financial position, and food dependency, while we bring a new dimension to man. As usual, I walked you through it, and as Corona pushed, we talked you through it. Now I will explain, (:44). to you in a very simple way. Do you want to eat another flesh, or do you want to feed the soul of the man (STM) that it feeds the physicality, and according to that it will adjust itself to every virus, as the soul of the Man's virus is very rare, and the soul of the physicality (STP) needs to be supported. Fortunately, many of you discussed, bought, sold, cajoled with everything.

(Cup of Man teaching: )

I taught you 2 simple things, but you missed as usual, what I gave you (draws 2 Cups). I taught you how to put a Nano (N) coated wire (coil in each Cup). This is Cup 2 (on the left), and Cup 1 (right). In Cup 1, I told you to put a Zn plate (on left side), and Cu plate (outer side). (:46). In Cup 2, I taught you to put 2 Cu plates. You were told to connect in a specific way, your connections, and you were told in a specific way to make connections. Now this, as I taught you, is the STM (Cup #1), and this is the STP of the man (Cup #2). Then for those who understood the knowledge, the 2 souls have to work within the dimension of the physicality, then once you filled up with the water of the life, which is 90% of the body of the man, with the salt, which you added, to keep the salinity, with the level of the salinity of the man, not at 15%, but at an appropriate level, that you understand how much to be. The connection is simple, you connect the souls (N coils together), and you connect the physicality's (the matter state Zn and Cu). (:48). And then with one strike, you connect the two together (jumper wire N to metals). This is the body of the man.

In so many ways, we gave you the freedom, that the STM will interact with the STP of the man. And the STM stays within the embodiment of the operation (draws a ring around the Zn plate), that in total, in connection with the two (draws a line connecting it to Cup 2 and a circle around both Cups), will protect the man from all to come. This is the reason why we showed you the twin (Double) Cups, now you understand the reason. We showed you the Cup of physicality, to protect you from the viruses that touches the

physical part of the muscles tissues of the man, and in the original one we gave you the Cup of the STM. Now you understand exactly where you sit.

If mankind becomes kind to himself, that he can understand this, you don't need to be fed. Would it be the opportunity for the man to reside amongst the two (Cups)? (:50). That in the process, his soul elevation will become the salvation for his physicality. Then you'll understand, no one can ever dictate. Depending on the ratio of drinking, and consumption, in the right order, between Cup 1 and Cup 2, you can feed the soul, that it can feed the physicality, while the physicality feeds itself, controls. If you understand this process, it means there are no free Calcium's, within the structure feeding, that the virus can ever attach itself to the weakest point in the structure of the physicality of the man. You need to feed the 2 souls, that (in) a balanced operation, they can look after physicality without killing, without consumption, and this is how you'll survive in the space. (:52).

The way you will establish this is very simple. You can put as much as you like, (Cup) twos, on the toes, and you can put as much as you like, (Cup) ones, on the head. If you understand, the Zn is higher than the Cu, and in trying to reach, it creates a field, the nervous system, and the physicality of the man will be fed from the fields of the universe. Man's soul will elevate this way, that the animosity of the war and killing will go out of the human's ?? of thought and behavior. It is your responsibility, then, to do the same, then in the dimension of the "creatures of God," be it vertical or horizontal. It is the responsibility of this, (:54). what we call, Universal Council (UC) members, and Earth Council (EC) members, and especially the head of the KF, according to her new status, as she knows, to make sure this planet stays within the structure of safe operation and life, that no one needs to kill. The balance of the numbers (population) will come out of the natural need of the environment, and not by killing, by the decision of some maniacs. Accommodation of the souls, for the confirmation of the existence.

The technological development in the movement of the knowledge of the man will go into fast speed of operation in the coming weeks. In so many ways, if as KS, you chose to be here, and your numbers are according to the international traffics, around about 200 to 250 million, and as there are only 7 billion of you, it is very easy, even if 100 million of you teach, then you each need to teach 70 people, within the next 7 days, or 17 days, or 27 days, you choose, that no one shall kill. (:56).

This is the "Cup of Man," and this Cup, and this structure, as a whole is, and will become expanded, by the knowledge of the KS and humanity, to the level that man will feed itself across the universe. You will not carry Cups of Life. You will systems, which have been fully tested in China, that it will create the condition of the fields that will feed the STM. As I said, we will not take food into space, because in reality we only need to supply energy directly into the STM, and in the soul of the smallest part of the man, his smallest toe. The law that you have to follow in the space, as you become part of the Universal Community (UC), is to feed the center, and in feeding the center with energy, you dictate the extremities (draws a larger black dot and smaller red dot with circle around them). (:58). Then the whole system will dictate its shape. If you look, this is the shape of the operation of an atom. So you don't do anything, any different. Now you understand why we go into the structure of the matter, and the creation of the universe. The structure of the matter is the structure of the soul of the man (STM), and the structure of the universe, is the dimension of its physicality, how it benefits the soul.

Now you'll see a new dimension into the 3 books you have read. This (larger black dot) is the book #1 and this (smaller red dot) book #2 and 3. Where here (line between black and red dot) we are sitting in book #2. Or if you understand it the other way, this is book #1 (smaller red dot), and this is book #3 (larger black dot), and this is book #2 (line between). Those who go this way (first description), understand the world of physicality. Those who go this way (second description), understand the process of the work of the STM. I told you, I would change the course of humanity today. And for those who understood, I have elevated your soul and I have fed your physicality. (1:00). "Thy shall not kill." The knowledge is simple, the field you create in this environment (inside the body), every cell, says what it needs, and the universe shall supply, because this is one end, and the other end shall be found in the universe. The same as these two Cups. We have to increase the salinity in the waters, as you were independent. Now you have to understand, ?? the best production of the fields, and not the material, because what you'll be interested, in reality is this (draws a spiral between Cup 1 and 2), and not what you gather as waters in each, and of the Gans's. You become the one in the middle, where the soul has the energy, and the physicality has the need. In the combination of the operation of the two, you go to sub-sub-atomic materials, (1:02). the man has no clue about. The materials which are needed in the space dimension of operation, beyond the imagination of the man, today. Part of these operate within your soul and your physicality, but you have never been aware of. Man can only confirm, exist, according to what his knowledge extends to understand. If man did not know the Plutonium or Uranium through his education, and development, understanding of the atomic structure, and materials, man would have never found it in his ??. You have to realize that every element on every planet, has to exist, and become part of the structure of his natural life, be it living, or be it part of the operation of his MG field, as gravity or Inertia. Therefore, you'll understand that there is life on every corner of this universe, irrespective of visibility, feeling, touch, observation of the existence of the field flow. There are no spaces in the span of the Unicose that the life does not exist. It is the responsibility of the man to make sure he doesn't trample of any of it. Trampling on it, unknowingly, is not an excuse to do so, but it means that you have to become aware. In a way, think before you move. Before you take another step, (1:04). what am I stepping onto.

In so many ways, I have shown you the path. I have brought the STM to balance, for what this planet could not bring to balance for millions of years. It means all of you start with the same platform. It means that your souls have become equal, and in no different then the other, in strength, and in the process of understanding the truth. With the establishing of the Cup #1, as you call it, I gave you the platform to become independent, though the work of your own, from the physical dimensions of this planet. In that process, with the Cup #2, I supported the soul of your physicality. In so many ways, I have freed man from the shackles of this planet. And what was wrong in the essential construction of its work, within the inner sanctums of its operation. (1:06). Now the choice is yours. Do we stand and change the course of humanity in a peaceful manner, or do we allow these wolves to carry out their acts. But in so many ways, we had to come to this point, that all the structure of the past would break up, that the new cycle of life starts on this planet.

In the coming days, every nation on this planet, every man and woman will start making the "Cup of Man." In that process, it will take a huge pressure off the shoulders of this planet. We don't need to harvest, and we don't need to die of hunger. We don't need to

suffer from incurable diseases, and cancer will be in the history books of the man's life. In so many ways, as we said, the Enhancement Units (EU) become the systems for the universe, and in that process we'll teach you more. Don't forget one thing, I am the Messiah, (1:08). not only for my soul, but this time for humanity and the human race. I free you from the shame and the shackles of what you brought to yourself, when you brought the humanity to the stage of today. All your latest technologies are grounded, and the most advanced technologies are worth nothing, as the nations cannot support. What was written in the Old Testament, was not about that time, but about what is happening to humanity today. That man will come to a new beginning. But you have to understand one point, and that is, the condition that you receive the gift of life, from the Cup of Man, and that is, man will never engage himself in killing another. If your soul doesn't commit, then you'll find out, that the Cup doesn't work, because within the hidden structure of it, this is the "World Peace Treaty" signed by the STM, in accepting. Those of you who will make the Cup and see no results, it means your soul has questions to ask itself. Those who make the Cups and see no results, would, or does that mean, that the soul has been always clear. That it does not need the matter, to confirm its freedom. Don't look for the Gans at the bottom, look at the energy fields within the soul of the system. (1:10). This is what I have been telling you for weeks and weeks. You look for the matter state, and I look for the fields. We'll still go to the banks, make the factories, make the furniture, we still might get paid, but as we are happy, we do it because it gives us a new dimension of pleasure.

In the next 12 months man will enter a rapid development in the space technologies to open the space into mankind, in a deep space travel. In the next 12 months, we'll change the course of humanity. As there are no more funds to run the war economy, developing weapons and defense. We'll employ the same scientists to develop new same space technologies, that bring comfort to man to enjoy the spans of universe. For those who decide the physical path. Don't forget the lifespan on this planet, as of today, has become limitless. If you understood the work of, the Cup of Man. (1:12). Try to understand the knowledge of the Cup, and try not to copy the Cup, then you don't need the Cup to survive in the span of the universe, as I can't get you water in every corner of the universe.

The souls who elevate to the level of understanding the true knowledge, will need no spaceship. That gift has been granted to one, and then to the second in the past few days. Those souls are sacrosanct, and stay clear of all. It's our privilege to give such a gift, and we have given it. For those who serve the KF, to serve humanity. In time you'll know the 2, as they have already been told about their position. As I said, when we established the Universal Council, the members of the Council should be known by the brightness of their souls, and not by their emails, or their titles. In the brightness, it means giving. In so many ways, the brighter the sun, the bigger giver, the lover. (1:14). When I tell you, "I love you," it means I give you everything I have. Let's see how many of you will love the humanity. Then the bigger test will come when you love the Universal Community.

Try to understand, the simple way, gradually try to replace the energies of the Cup of Man, in consumption of the food and killing. Gradually try to bring balance between yourself and your environment, it doesn't matter wherever you live. If the members of the Universal Council, except 2 who have to leave, as their souls, doesn't carry the conduct of, what the Council is set for, this planet will shine in a different way in the

Universal Community. In a way, if humanity works in the direction we have set, the Earth will become a shining star, even bigger than the Sun itself. (1:16). Understand a simple language, and that is, understand the language of the soul, not the voice, the vision, and the others, which the man has occupied himself in the past times. Love through the soul, make children's amongst (from) the STM, that they can last the span of the universe, as the physicality of the man is vulnerable to every changes in every corner, as we have seen with the Corona. Corona means the crown, and this was the "crown" virus man had to deal with, to find the crown of his own freedom. We did not bring it, we knew that those souls in the background have been waiting to do it, to create a condition of more war, and more animosity, and we had to drain them from every finances. Don't forget I am the Master, I tested it, and it worked. In the condition of Northern Ireland with the British Government, we drained the assets of the IRA and the lawless, from the fuel they carried, to everything else that they could get their hands on. When there was no financial strength, we got what we wanted, and we managed to establish a 300 year war into peace, in the Northern Ireland territory of the UK. (1:18). On my passing, documents will be released showing the effectiveness, that we were involved in, the Northern Ireland peace.

The same system has been setup to deplete the assets of the Illuminati's, which is the elite, richest, and politically influential families and people on this planet, without them knowing, in the past months. The damage done to the Rothschild's family is beyond their imagination. All their assets and investments in China was sold for pennies, and in so many ways, they thought they might control China, but they lost it. At the same time, the families that control the grain will find out that man doesn't need to eat, and their grains will rot in the doldrums of their warehouses. We learned one thing from the First World War, this time we shall not let it happen. Those of you who don't know, I explained in a very close way to the Iranian team in the last teaching. Go and search the books and you'll understand one thing, that during the Second World War, not much happened to Iran, but in the First World War, Iran lost nearly a third to half of its population, (1:20). through the hand of the British Government. They wanted the oil rich states of the south, and they brought plagues and they burned the fields, that over 15 million Iranians died of hunger. (That was) a hundred years ago.

Their plan this time, was the same, by those who control the grain, and this is the reason we released the Cup, then man doesn't need grain. This time those of you who use the line of food to control, now you'll bleed to death of your own physicality, in the harm and the pain, which you have brought to humanity. Those who died in Italy are your responsibility, as much as Gates. Those who died in France, China, Iran and the rest of the world, with this planned disease to bring control, the same as 911, has backfired on you, to bring the end of you. We watched and we took our time. We let you burn yourself, then you have no one to blame. If we do it, we become the Sepah and the enemies, but when you do it, it is your own stupidity and greed. (1:22).

I told you, today's teaching will be a turning point, and that turning point has come. I promised when it comes to feeding man, that we'll setup the order to be done. Now you have it. In so many ways, many of you who know and you learn and how to use this Cup, and the combination of it, in the right order. (It's like) when you see those men who can go in the freezing waters of Siberian lakes and swim with no problem, as they are warm, and you see those who live in the heat of the desert like nomads for centuries. The heat and the temperature will not be your concern. Understand the science of the

work of your soul, and understand the fields, which it creates to keep your physicality warm, at the temperature which is your pleasure. Do you need heat, do you need to burn and destroy so much to warm the furniture, ceiling, and the walls of your home, or is it good enough for you, that you stay nice and cozy within the structure of your physicality, when you understand the position of your soul, and the operation of your physicality, in the dimension of the STP. (1:24). Your energy crisis is solved. You don't need to cook, you don't need to, and if you understand the dimension of the totality of what you call, the essence of the dimension of vision of the soul, then do you need the lights on the street. With this Cup of Man (CM) I have elevated the STM, now play with it and enjoy the new freedom. But learn, many of you will lose your life, as some of the habits of man will come in the dimension of physicality, to play the game, in the dimension of the STM, and that is the time you'll lose, you'll definitely lose, the dimension of the physicality and the soul. Then you become that food, from the position of the virus, to the Gans, that it becomes food to the others, you are a free energy. Don't think you do everything right, and it is your right to do, because now, as we free the knowledge, it is your responsibility to be correct with your soul. I am a lover, but my love for the human race has extended to the point, that the physical dimension of it, has more pleasure than the soul of the man's, (1:26). dimension of ??? loving you. Now I raise to the dimension of your physicality to the point, that only you will decide the point of its demise. Lie to me .. I take it; cheat ... I take it; steal ... I take it. Only one path is left. You give and you live through the right conduct. -- I, as the Universe, and you as a man. --

This was the only way we could bring this mayhem of destruction and killing on this planet, after thousands and thousands of years, to bring the man educated to understand, and to destroy the structures he built, all of these, in the past, that brought the man to this point. From now on, this planet will become a peaceful planet. From now on there shall be no animosity and war. From now on, the promised heaven will be on this planet, as we promised. As the man will create to please the other souls, to accommodate the other souls to be in a better position than themselves, and this will bring a position of comfort and pleasure to live. If you listened to one of the recordings, I said, the "Day of Judgment" will come, not by time, (1:28). but by the maturity of understanding, and that maturity of understanding, the time has come today. Now you all play on the same level field. Now you all play from the same strength of the soul. You cannot blame your forefathers, no Christ, no Mohammad, no Moses, and nobody else, because now you all are of the same, with a clean slate, with a clean sheet for your souls.

Any questions?

Q: .. You know the diagram you drew on the top, about Book #1, red and black dot. Can you make it bigger and explain it one more time, please?

K- Nope, listen to it. (1:30). Then you draw it and see what you understand.

Q: The second question I have in regards the Cup.. K- This is the second no, you got from me in 24 hours. I never done that to a woman. ..

Q: The 2 Cups you created, you talked about, that some souls will not feel it, because their soul is not committed. The second one was, "the soul is already free", am I correct? Yes. You decide on its freedom. Q: .. you said some people didn't listen to you and they made the plates straight and not spiral, but in this case (in your drawing), you only made the N coated Cu as spirals, and the rest have to be straight, am I correct?

K- You decide. ..

You see, the reason I did it this way is very simple. I stayed awake all last night on how to teach. And I consulted with a free soul, which I have gifted to one. If you decide to make it a spiral (the Zn coil in Cup 1), (1:32). Or if you decide to make it a spiral (N coated Cu in center). If you decide to make this flat (Cu in Cup 1), or you decide to make this spiral (Cu in Cup 2, facing Zn in Cup #1) and this flat (Cu on outer side in Cup 2).

Or if you change the position to make this spiral (adds a second Cu spiral of different color next to the Cu flat, that is already there, in Cup 2). and keep this the same spiral (adds a second Cu spiral, Cup 2), and keep this flat (adds a second Cu flat, in Cup 1). What do you think the condition will be?

Q: If you make it a spiral in the physical Cup, what's going to happen is, we'll be more bound to the physicality.

K- You are so hundred percent wrong.

Q: Can you explain please.

K- You think why you are wrong. you are matured enough you don't need me to answer you. Q: Because when you make it a spiral, you create all a spectrum, that it exists.

K- Which the STM needs to exist in the realm of the universe. You just look at the Earth.

If you make this a spiral (adds a Cu spiral in front of the 2 flats, Cup 1), and take away this (now he erases the 2 Cu flats, Cup 1, and the Cu flat in Cup 2; then all are spirals now), man becomes the soul of the universe, as there is no physicality, no Inertia. Don't test this, you'll pay heavily for it. Never test this!! Those who test it will see the results of it, in a very horrible way, if you soul is not ready for it. Do not test this as long as you are the citizens of this planet. And do not test this, as the point, that you are not committed to be citizens anywhere in the universe.

This gift has been given to 2 women in KF, they can exist in both dimensions. Both in this and the same with that (draws a flat black line behind both Cu spirals on the outer side of each Cup). Never try, ever, to commit yourself to this (erases both Cu flat and spirals from the outer sides of both Cups). Always stay within the law of the universe, within the dimension of physicality (draws back the Cu flats on the outer sides of both Cups). This is your skull (Cu flat on outer side of Cup 1), (1:36). and this is your Earth realm (Cu flat on outer side in Cup 2). You have to keep it confined within the atmosphere of the planetary system you exist. This is a spiral (adds a Cu spiral in front of the Cu flats, on the outer side of both Cups), it is the gift to only 2 people on this planet, as they have to understand new dimensions.

This is why we gave the right to women, through the understanding of the Mithraism and Judaism, and then it got lost. Because they are the creator, and in the process of creation, they have to just and correct. These 2 women, in time, they can pass it on, not to their own offspring, but to the one they choose to become their offspring, of the soul of theirs, when they hand over the responsibility and position. (1:38). They will shine like bright stars, and in so many ways, they have a tint of the Creator. Those 2 blessed souls are amongst you, and you will never know them. It took me 10 years to position them, and they have been positioned. Between them, they'll bring change to humanity in correct conduct, and they'll cover the span of this universe, as the Earth is limitless to the souls that have the dimension of the creation, and the Creator. And I warned, if they

do wrong they will loose their position. They are the true symbols and the true samples and examples for all mankind in the universe.

The knowledge of man from today onwards will explode, beyond your imagination. In so many ways, we needed to go through this, for the whole of humanity, in one go to come to the point of balance. I shall return in the next few days to Iran, and I'll stay there until we see the full achievement of mankind to the realm of understanding of the totality of the knowledge of the human race. (1:40). On my return to Iran, the knowledge on the universal level will be released to humanity in a very strong and direct way, that will eliminate all the problems of the past and the present. In the world of universe, there are no politics, no political parties, no leaders and no religion. The religion is the conduct of the man on the basis of which we brought centuries ago -- talk good, do good, and think good, the Three Wiseman given to Christianity, but you never understood. We go back to our roots.

Any other question. (1:42).

Q: .. sometimes we need to recycle the cups that we made the One Cup with, how do we treat the soul that we created in the One Cup?

K- If you never empty the Cup, the soul will always stay within it. Secondly, it doesn't need the water for it to stay. Very soon you'll find out, that water is the media for the physicality of the man. Then do you want it with or without the water, or do you want to feed the soul that it feeds the body of the man, and the body of the man creates what it needs, be it the water, O, or whatever. You see, when they said to us, why don't you make gold, then you don't need to do anything. Now you understand why, all the money in the world is worth nothing, when all the shops are closed. You can't buy any cars, furniture, or even a pair of socks. The government has allowed only 2 things, what they can feed you, so you don't riot and get rid of them, and what cannot kill you, that you don't fill up the hospitals. (1:44). That's why they leave the drugstores, or chemists, pharmacists, or food stores open. They are thinking of themselves, but on the other hand they have no choice, because they are on the same position as you are. So do you want to fill it up with the water of life of the soul, or would you like to fill it up with the water life of the physicality of the man on this planet? When you go to space there is no water, what are you going to fill it up with? There is a lot more for me to teach you. Be happy with what you know up to now that in the future you'll understand more. Ask yourself a simple question, where are you going to find the Cu in the depth of the U, in the balance level of the fields of the environment is in the Cu level, and cannot, it will be as an energy? Then it goes to understanding, the true understanding of what you understand, with the operation of the STM. Rick would you like to play the same tape of the Cups of Life, while you are watching this, remember one thing, (1:46). would you like to change the Cup of soul of yours, with somebody else's across this planet. Would you trust them with your soul, to give your soul to them. Because this question will come to you when you become the passengers of the Universal Systems, traveling the physical dimensions in the spans of this universe. As I told you in the teachings years ago, would you trust the captain, now you give your life to, to fly you. From now own on you give your soul to, to take you to the destination. Let's see what mankind does, or would you

give your physicality, as you always did when you became a lover. It's the first time man has a gift to give his soul. Are you that confident, that your soul has done no harm, that when it comes in touch with another physicality, will guarantee its survival, and not harm another. Let's see how many of you will take that step. I mature you in one session, more than is done in millions of years by humanity. We close the books of all religions as of today. (1:48). as from now on we have one religion, and that is to serve the others, and stay to the ethos of "sadosh" (talk good, think good, do good), you'll survive the span of the U and you'll enjoy every second of it, while you exist in it, as long as you decide. From today onwards, you decide the point of departure, and the shape of presentation, and manifestation, and intelligence according to the position that you decide, how intelligent and how you shall be called. As I explained in the very recent past hours, you decide to be in Spain for 30 years, your clothes has been there, and you learned everything to be Spanish. You move and you start as a child in Brazil, and understand how do the Portuguese think, maybe for 50, 60 or 100 years, and change the frock and become an African. If you understood the work of these Cups, as I explained today, the physicality of the man will change dimension, but the STM will never die, until the point he decides to become a passenger of the U, or give to the others as he has had the time of pleasure of existence. I am the Creator. Then I decide what to create with what I have, with what I give. and how we'll create, (1:50). beautiful pasture for the rest of the souls the Creator.

Please play the video of One Cup made around the world by flags.

K- (speaks in background but hard to hear)?? would you make those who suffer ...or those who we allow ... These are all, Cup of souls, and you use it to save your soul. Are you ready to give it away, to which nationality to which ?? (1:52). .. Have you created it with a pure soul, with clear soul, that when you receive by the other, it doesn't become a virus to its physicality ...

(1:54).

(1:56). (1:58). END of video.

We have seen no flags of Vatican, and we shall see no flags of Vatican with these Cups, because we have terminated the terms of Christianity. The Saudis appear of the nation, the same as the Iranians, and in that sense the terms have terminated. (2:00). Just think, how many Cups you should make, you would like to make, and when you make these Cups, do you remember what I said to you from day 1, pray for your systems, give from your soul. Now you understand the Cup you have made, has made a soul of itself. Let's see if you become the virus to it. or you become the feeder to it, when you gift it to another.

Any other question.

Q: Do we combine the Gans together and then drink the waters after washing, or what is the ratio of the waters, that we should mix from (the CuO), or the Cup of Man for correct feeding. (not CuO, rather it was Cup of Man). So the question is what is the ratio of the waters we should mix from the Cup of Man for correct feeding? (2:02). R- or is that misunderstood, perhaps.

K- I said, would you to be black/blue eyes, and half green face, and be partly Martian and the other part to be from wherever. These questions should not be asked, it means you have not understood. It means you're still physical.

Q: Can I ask a question? K- Anybody can ask a question, it depends if Rick wants to answer or not. Carry on.

Q: You have given the beauty to 2 women, to the feminine, is the masculine, the male, not ready? K- (silence) I will let you think a little bit about what you asked, (2:04). then repeat yourself, and see what you think yourself, about what you asked. Q: I think the male has been in position where they have been dominant .. K- Thinking they were dominant. Q: Thinking they were dominant, yeah. K- They have never been (dominant). Q: So we are not ready? K- It's not... you look at it again from the physical dimension. From the soul dimension, you still need of the two, to be slightly different, that the interaction of the two creates the soul of the U. Two balanced things do not have anything to give, nothing to share. A slight difference in each allows interaction, and that interaction leads to creation of you. Now which one of the two do you want to call the female, or which one the male. And or which part of the emotion, that the other one doesn't have will be needed by the other, which triggers the interaction of the balance ?? We created the "Mother of the Universe" in these two souls. Soon you will understand. (2:06). There was a need to breath or give a fresh breath of life to the whole of the U, not just to the planet. And we choose the Earth. You will see the pattern change in the universal, and many Cosmologists will tell you the change in the structure of the compass, in the coming time. The whole U needed restructuring, from the beginning, and this brought it. As I said, from the beginning time when we (started) talking, I said when we teach and we do, it is not just for the humans, it's for the whole of the U. Everyone in the U has been waiting for that change, for it to bring balance and peace in every order. The name of the two will never be released, and no man will ever know. But the 2 know each other, clearly. It was a gift we have and we ?? The teachings of today will be written for thousands of years across the U, (2:08). ?? not for mankind. It's not anymore coming down from the mountain with what, "I want to deliver." It came from the U, I gave the two. At the same time for all, not just destroying what was not suited.

Any other question?

Q: How do you "do good, talk good, and act good," when being attacked by religions itself? K- They don't exist anymore, what is your ?? Listen to what I said, in the Farsi teaching in a very direct way and in other teachings, no religious leader will accept the new change, because if they do it is the end of their own abuse, and termination of their term. (2:10). So they all have to fight it, and deny it, but this time we take the souls away from them. You have seen, how so easily, within 2 weeks we shut all the Churches. And do you think that people will forget. in a way, I lost my son, I could not even bring him to the Church to get a blessing to bury, or my father to the Mosque. They are all shut, the house of what they call, the God, or what I call, the temples of statue-less abuse. We can trust those who are there in the time of need, and don't run away, .. closed the doors on humanity in the time of need, ?? statue. Do you remember people used to flock to the church, and they used to closed the doors of the Church and Mosque, and they were safe. But this time they run away out of it, because if you try to ?? in there, if you got a virus in one, the whole lot are dead. You don't even trust your own soul. But you don't need to walk into a problem, stay away from it, (2:12). don't bring it home. The religious leaders will object to everything (we do), but ask one question, where were you, when the Corona came? I said in a couple of teachings, across from where I stand now, I am looking at it now, there is a very big church, with a big cross on it, and it used to be lit every night and day. Strange enough it used to make noise every quarter of an hour. The cross is about 20 or 30 meters high. ... and it used to be lit, the past 2 weeks it has not been lit. The god is gone and he has taken his light with him. In a way, they don't call so often, because what do they call, because the doors are closed, .. I think they realized that, they are not there to give, so we had better

go. (2:14). When we moved into this place, I had a huge problem with Caroline, she said, I don't want to live near a church, every half an hour and hour, there is a noise. Now she got her wish, the church shuts itself because there is no one to go. It still makes a few bits and bumps, but the every 15 minutes ritual is gone. Why do I call you to meet when I am shutting all the doors. You'll find out the same will be with militaries, they will shut down, because as I said, it's like what can you do, the soldiers are not prepared to go out. In China, if they didn't go out to kill people who came out (of their houses), it was very straight forward. You follow the orders and you shoot those who come out to infect the others. It got to the point that some soldiers thought for them to be shot, then shooting others. What we said in Wuhan city, now there are hundreds of recordings of it. When they opened the city, and the apartments and houses that they locked, how many do we see dead. The whole family, and don't forget as I said before, a Chinese family nowadays is only 3, and they took the whole family. (2:16). There is no sign of the culture, centuries of knowledge, which was gathered and to be handed down from father to son. The leaders wiped out the ?? ... the beauty of it is. ??? The leaders of the world abandoned their citizens, and so did the religious leaders. They all abandoned everyone. The German Chancellor is house locked. By international law, when the leader is incapable to do his duty and be available to his nation, he has to step down, The problem is, we can't run elections when the leaders dies. We can't run election to choose the leader, because we can't go anywhere to even to campaign, unless you do it on the Internet, and then vote ?? that's everything they done to us before. So as you see the humanity is running itself into the ground with all the laws and systems made. China will lie to its citizens, and they thought it is gone. Now we are going to loose many Chinese with the new virus. The new version, mutation of Corona, and they will not report it. As I said before, the only way you will know the real number, (2:18). of people who have died through Corona, is when, and if, and how the election comes, and then you count the number of people who are eligible to vote. Then you'll see, because you can check the votes. They can't put the dead people on. They did that in Iran a couple of elections, to cheat, and they have done that in America. But you'll understand the true figure of how many were lost to Corona. Watch on the 7 digits from the end Watch the last 7 digits. In, let's say, 10 or 15 years, if the mankind doesn't mature to be able to create children of the soul, and still carries on with creation of children of physicality, we will see the figures will go to about 10 to 15 billion, may be more. Mankind now has a choice to create children of soul, or children of physicality. There are very few races that have that opportunity. But don't forget, there is a lot to learn before you mature to that point. (2:20).

Any other questions?

As I said before, you thought you have been shocked by the teachings of the KF in the past 15 years. I think you'll have your biggest shock .. and at the same time you'll have your biggest education.

Mrs. Mohammadi (MM) asks question in Persian? Yes MM, the savior of the Iranian nation from the Coronavirus. What she is asking... MM is a master in English, don't take it, she knows what she is talking about. (2:22). She understands, in so many ways, she says, when we are in love with the Creator, and we feel the Creator is in pain, what can we do to release Him from His pain? This is part of the process of the creation. We suffer with our children and then we enjoy their achievements, that is all that it is. This is the natural process in the U. Not much can be done. As we say in Farsi ... be good children that is all the parents expect. .. (2:24). MM literally works around the clock.

She has gathered all the Iranian team, and we haven't found out when she sleep, yet, or if she doesn't go, and how she gets to be involved in everything. A lot of people don't like it. But she has managed to change the course of 1,400 years of Iranian culture. As I said before, in Iranian culture, women are supposed to be around the house, and she has become the woman who is running Iran at the moment. She is doing more than the Ministry of Health, she is saving more lives than anybody has done in Iran with her team, and if I tell you what she has been up to in the past 24 hours. It will shock you. MM how many breathing systems have you made to be delivered to the hospital today, in the past 24 hours, yourself and your team. She literally sits with a team that makes a 150 breathing systems, as the KF has now been given a hospital with full supervision of the Iranian government, to see how we changed the position of the hospital without them, we deliver the breathing systems, (2:26). and the Cups, syringes. When I sent her the message, she sent back, ha, ha, this is no problem it will be ready, don't worry about it. I thought, oh, somebody is doing it, then I found out, that she is actually with the whole team up all night to make sure all of it is ready. Interestingly enough, they have achieved a lot. Everyday the Iranian team delivers, even when they found out what has to be done, they don't tell us. They just make Cups, and give Cups. Thousands and thousands of Iranians are receiving Cups to save their lives, freely from, the man off the street. I have an emergency case 2 or 3 nights ago, at 5 AM. Five families got hit, all, the grandmother, the children, the grandchildren and all the uncles. It was literally one generation of the whole thing. One of the boys was isolated and the wife was already infected. I called and said, what time is it, MM, about 2 AM, European time 4:30 AM, I said to her, I need 5 Cups to be reached, I received a request, and I want some Gans water until they can make it themselves. And immediately, it was delivered by courier, and the funny thing is, that as the help came from outside Iran, the numbers were back to front, they managed to understand that it was translation conversion, and they delivered. (2:28). We found out the man, the husband with 2 children was isolated in the back room. The doctors said they could not do anything for him, he was fully infected and the chest was already calcified. A child of 5 and a half, a young wife of about 28, and he was waiting to die because they could see no solution. All the brothers and uncles living with them above on the next floor, were all infected. The minute the Cup got there, within seconds, I didn't need to call, it's just there, and I called, "how did you know?" I said, I don't need to know, I live within your soul, I feel your pain. He said, it's here, I haven't even opened the package, we just ran ?? above. I spent maybe 2 hours with the family. I said, we'll isolate the first one, and let's see how we can save the life. I said, what to do with him, until lunch time, or dinner time, when he can go through it. He said, I can breath now. I don't know what is in this water, but I can breath. I said, to him, I want to ask you one question, I said, if you have been in this condition for nearly 10 days, and they isolated you until you die, breath there is nothing they can do, until they run out of breath, and oxygen, then they take them to the hospital for the last day or 2. They give them oxygen until they die. That is all they can do. (2:30). He said, my coughing has stopped, my temperature is gone, now I can breath, and that's good, I can speak out again, I can hold my children. He was so happy. If you are an Iranian father, you know how precious your children are to you. It can't be explained, it is something in the Iranian culture. They are your life, and when you don't touch them, you loose life. I said, I want to ask you something, have felt any pain, anywhere else then your coughing. He said, I have a pain. I said, have you had any pain in your testicles? He said, for the past week, but I didn't want to say, I thought it was impolite. I said, you got ?? white all the way through. I got up to make Cup #2, immediately, it was made within a couple of hours, I taught them how to speed it up,

and we wrapped him for 3 hours and then 6 hours in Cup of Life 2. When I called back, he said, you know something, it is the first time in nearly 10 days that I have no pain in my kidneys. I said, what do you mean? He said, my kidneys were killing me, and now I have no more pain. I live without the pain. We went through the whole process, then I said, we want to understand what is happening in the whole family, because we isolated you. Now we know you are on the path (of recovery). They sprayed the wife, and they gave the water from CL #1 to the whole family and they sprayed. (2:32). The wife said, I have a pain in my chest, and my right ear and head, it's burning, and we knew, that the family would have lost the father and the mother. We started the process and hopefully by today .. One fast movement by MM working months before, making things ready, they have 1 to 200 Cups ready that they can go out with, but they never know, they made the breathing systems, they just give the Cups, but when people have a problem with breathing they send a breathing system with it. We have saved a family, most probably 2 children if they survive the Corona, instead of memories of the mother and father, where now they have the actual father and mother and grandmother. This is the difference, and this is where humanity comes in. If you see, from where I sit, many times, I sit there, this is what I do, as a backup team, I pickup a few here and there, when I see. Even the doctors are struggling, or they don't go into the main Chat Room. They send me a private message, and they get picked up. I do what is possible, what they are doing. We have saved many lives in Iran in the past 2 weeks, and thanks to MM. We just advise, she delivers everything. We had an opportunity in one hospital, which came through one of the key members of the KF, (2:34). and we took it up. The doctor, he has tried the Gans on an old lady, and the oxygen in the blood went up, and he said, I want to use it, I can't so anything else. When I spoke to him, he said, you know Mr. Keshe, I am a doctor to help, the only thing is, they can take my license away, at least I save a life. I want to do it. That doctor and hospital now has become the center for the Iranian nation for ?? Corona. We are all in it. It is totally blocked, but the KF can deliver, we are allowed to go in, and now we can see what happens. We have cases improving, the government sees the work, they are monitoring it. The work of MM and the diligence of the KS in Iran trying to help, has paid off to save a lot of lives. Because these 120 people in this hospital, it was very strange, when I spoke with the doctor the very first time, he said, all my beds are full with Corona, I have no room, and we have 100 people outside, because we can't allow them in. We send them home, they can keep themselves in the house. When they started it, we gave them the procedure to do it. We have videos of it. Yesterday, I noticed that there where 3 or 4 beds empty, it means they have discharged all of the patients. Now they are calling the outpatients, the ones who are dying at home more or less, they call them in, (2:36). and give them part of the Gans that we gave to them. Now they call them in and give them the CL and everything they need to the whole family. Now we are not just saving one man, we are saving the whole family. This is how the registry of Corona will be written in Iran. ?? We have 2, actually 3 women who are serving relentlessly. Now the Sepah, and Iran's central government, and the office of the Ayatollah, the Military, the Health Ministry, are focusing to see what is the result, because now they are controlling everything, and in this environment in the next few days, and if successful, now it will become a success city of defeating Corona, up to ?? This is how we'll respond, the whole of the KF doctors, the support team fought this way, relentlessly. People start coming into the Chat recently, they send messages to all the support team. All of you need to setup this up (in your countries). Unfortunately, the Iranians don't speak French, German, Spanish, Pilipino, of South African. You have to set this up the way we Iranians have done, or as suggested to the Iranian government, we set up the Sepah, and we deliver full T, (2:38).

into the hands of the (nations). As I said, you put sanctions on us, and we give you our love and care. We never closed our doors, it is not the tradition with the Iranians. We are very hospitable people. We love and worship our guests. Now as I said before, as the world and you are our guest, ?? In so many ways, we'll deliver the solution, and with the solution we'll find a new way of living, at least for the Iranian nation. Then it depends, on how the ?? others will follow.

Any other question?

MM speaks with K in Farsi .

(2:40).

(2:42).

.. We are talking about the culture of Iran. In Iran because the KF team is so successful in delivering, the Israelis, British, and Americans have now started the game, that the KF is only looking after the people in Tehran and Farsi speaking. This is the way it is, because we opened the hand of the people who created division, in the Iranian talk on Monday, and now they see that we have become so successful, that they have started the rumors in Iran that the KF, (2:44). doesn't help the Arabs, Kurds, and the rest. The worst thing to this, actually is, with the request of the KF Arab speaking UC member, she has for every nation, Arab speaking, and Arabs, and the Iraqis in Iraq, requested that a Kurdish language KF Corona team be established. We are supporting in every language. We are requesting the KS ?? to do. So these people, now seeing the success of the (KF), actually seeing and exposed the way. Now they have come up with a tactic to create a division. This is very typical in Iran, they start the rumors that these are Bahai's, or supporters of this and that, when they see success, because they get paid for it. So now, I told the KS in Iran, to ask them to show us your bank account in Tel Aviv, Washington, and London. Because you have to understand, we are controlling the number of people who are (from getting) ill. We don't even need to give them, they are making the Cups themselves. It is amazing how many women are doing it in Iran. Because you have to understand the reason, in a way, because in the Iranian present position, due to the defense of the territory of Iran, every Iranian male has to go to the military to defend the territory. I wish this will come off. During the Shah's regime we were safeguarded ?? and spending on developing and educating people, but now they have to stay in the Army for ?? to protect the border. (2:46).

The other side of the world, they brought the border to our border and say, they (we) are trying to fight, but it is very interesting, there is the map of Iran, and there are so many American bases around it, and they say that Iran has come to fight. You come 20,000 kilometers to put bases (around Iran), then who is wanting to fight. These people, now that they have seen the success, are trying to split the KF, that they are only looking after the Farsi speaking this and that, which is just another way. Like the guy who went to the UN and said, "get rid of Israel and the rest of it," when in fact, he went and collected his check from the Israelis, for his bank account. Nobody betrayed Iran as much as Ahmadinejad. Now we exposed him in the talks in the last few days in Iran. And now again the Israelis coming into operation to now directly attack the KF for the help we are giving to the nation. In the process of the laymen going to be under arms, the ?? in Iran has had the opportunity to educate women, because they can't bare arms, or go in the military. So men train in (the army) and woman go to university. So 70% of the educated and graduated doctors in Iran are females. They are all engineers, and now we see it, in the Chats. All the people who are making the Cups, it is shocking, when you speak to them, ?? they say I made the Cup. We are used to the men asking how to

connect the Cups, the Europeans, Chinese, but the Iranian women all being educated as engineers and technicians, they are making it themselves ?? everybody else. (2:48). And it is gorgeous when you talk to them, they know everything scientifically what they are doing, and they just ask, 'can I do this or that'. It's a pleasure to work with them.

Now they have come to split the KF. When some organizations try to split (you up), it means you have become powerful. You have made a wave, you have created a condition. As MM was telling us, they have started these rumors that we are not helping the Kurds and Arabs. We are all Iranians within this planet and just within the territory of Iran. As I said, recently we received a call from an Iranian family in US, and immediately we responded. We are receiving calls from Iranians in Europe and immediately we respond. they come to the Iranian Chat. Some of them don't even read Farsi, they were taught by their grandma, in broken Farsi alphabet, and you have to guess what they say. I have had 2 or 3 of them and I try to read to them, but hey say, I don't write Farsi. Because they carry a Farsi name they are Iranians, it doesn't matter where they are we cover them, Canada England, US. You will see this, that what comes up in the next 2 or 3 days. Hopefully, the Iranian ?? officials will release the KF technology as one of the alternative, not the only one, then when we reach the world, we'll solve these problems for your governments.

Because, once the Iranian officials announce that they have achieved this, (2:50). to go through this condition (of Coronavirus), then the rest of the world will be informed and it will spread rapidly. We have done so much, MM and the Iranian team have done so much, now the Iranian government is to do "Due Diligence", in the next 5 days, most probably 7 days. They are doing the "due diligence", on all the cases that we have submitted. Mrs. Mohammadi and the team, I think since last night they haven't slept, because they are making the Cups and everything else. We are putting all the files, we are asking all the Iranians who used it to send us their information to give to the government. We are putting 30 to 40,000 cases, whatever we can, sending them to the government. We already have the hospital. We are doing all the groundwork for you across the world. We will bring the technology out. There is no alternative. And the Iranian office of his Eminence Ayatollah K, the Iranian leadership, and the Sepah, and the heads of the forces. Now at the moment, as of yesterday, we have gone through what we call, "Due Diligence." They want to see case by case what it is, and they'll call every single one to confirm it. Once the due diligence is done, the Iranian government will announce, and then I will return to Iran, and then we'll give it to the rest of the world.

The European nations are in turmoil, so are Africans, and leadership needs to be taken. The Chinese have stepped down because it became an embarrassment to them to say, that they stole the T, but the Chinese will back Iran, and Iran will lead the Corona fight across the world. (2:52). We'll take it to the next step. The Corona will be for us, as I said, the way to enter into deep space travel, and opening of the new dimension in the new science and T, because there is no need for war. We can't put 30 to 50 million elite educated scientists around the world, who have been designers of arms and sophisticated communication systems, on the street. We give them a job, that is, to take man into space. Change the direction, and then we see rapid development. Space and spaceship development in the next 12 months, if we go through this phase of due diligence with the Iranian government, in the next 3 days. The Iranian government has given the scientists and military until next Friday, to clarify the position, and especially

in regards the KF T. We need to know. By next Friday, or maybe sooner. If the wish doesn't go accordingly, due to the pull of the governments outside of Iran, which we think, some of the leaders have already opened an American bank account. In the interests of the Iranian nation, we will go national and then international. Then all these budgets of warfare, will be used for peace. And all these scientists, can you imagine, all these guys, who come up with all these rockets and now we tell them to measure the fields of such and such a planet, and how we can there, and this and that. We have all the systems, it has just been used for the wrong purpose, and with this, the end of the wars, as we said, we'll change it to the right way. (2:54). Then we'll see, in the next 7 days, the decision by the Iranians Central Office of the decision of Ayatollah K, will change the course of humanity. You will see it. You have no answer in Italy, Germany or US. The only answer you found in America was to buy guns. I wonder how many of you will melt them? I wonder how many of us will destroy our war museums, because we don't our children and grandchildren to see what we have done to ourselves. And the war museums were the place we took them to look at that, the submarines, and the B-52. Would we close the war museums, which is the shameful part of the life of the man. I think it is not very far. Just let us go through the Due Diligence by the Iranian forces, and government, and then we'll see. Unless we get blocked due to certain positions, we know we already have seen it, and MM has told us that the Israelis have come into Iran and are spreading these rumors, with American bank accounts, and it comes from 2 offices, because you have to understand, these people have to answer, why a nation which is so loving, so caring, a nation who brought the Jews and Christians to Iran and gave them a city of their own, has to be the nation which Ahmaddinnejad is going to destroy the nation we built for them. It doesn't fit into the mentality of the Iranians, (2:56). unless you have been paid to do so. If you remember, I said, Ahmaddinnejad used to come on the podium of the UN, all the members of the UN used to walk out, because it was agreed, that this was a rehearsal program. Well rehearsed, I come and you go. The bank account check should be on the table when I come out. Because the Arabs and the Palestinians, some suffered, and the leaders in other nations bought arms. The commission collected, was the arms sold to them. That's why they were paid. Some people go and sell arms, and some people incite wars and get paid for it, and ?? It's very clear. Now you understand how you were made to hate the Iranians, because they were paid to ?? Iranians ?? to do so, and the Americans. Now we open a new history.

Q: .. When you talk about making the 2 Cups we should not make the 2 last (end) ones spiral because if we ... K- No, no I did not say anything. You make it yourself. This is ..  
Q: No you said, don't do it because if your soul is not ready...? K- That is your decision, not mine. Q: Okay I want to know... that's not my question, ... K- I am not going to answer and I told the team, what whole of you, never answer anybody of you, (2:58). ask a question about a spiral, flat, whatever, and whenever. From now on it depends on you.

Q:... my question is not about this, can I explain? K- Yes. Q: when you talk about this. I was told to go to India for a program, and before I go I was told I have to practice certain sadhana (spiritual practices), I have to do it for 3 hours a day in the morning and 1 hour in the evening. Twice I was on 2 months with no meat or dairy, they said if you don't ?? contaminate your body it's a bad program, you actually can destroy your physicality and your soul can get damaged. It seems your body has to be ready, physically aligned, and your soul has to be aligned, that when you take that, whatever you make, so that you can elevate. If you are not you can damage? K- It's not damaged,

it's ?? can you reach the maturity of your soul. That's what it means, it's no damage, it means, by doing so, would you reach, would you allow your soul to reach your maturity. It's not penalty, those times are gone. You have to decide, are you ready, or would your soul be able to accept the cycle. Q: Thank you, I got it. K- ?? to explain things to Alzar. Iranian women are not easy to easy to satisfy with the knowledge, but once they understand, they run with it. (3:00).

Any other question?

Q:

(3:16). K- I'll just briefly to tell you what has happened.

Any other question

Q: Meridith Iran .. (she is locked down in Paris) ...

.. You said that in the U there were some travelers, which came and (3:20). made ?? hurt the race of people of the Earth, that the need of these people, that aid is coming for us. I wanted to know is that ?? quantity of time that they said this should happen on the Earth, or the quality of ?? that make the time being sooner or later... K- I think that time has arrived. Q: How about the people who came and told about the suffering of people ?? prophets or scientists? K- We, as Rick read the paper about the station of scientists. The problem with the man is, he has 2 weaknesses. One is the physical weakness, and one is psychological weakness. The physical weakness leads to his demise, and psychological or emotional weakness leads him to any path of belief, to support, to confirm that he exists. We call it, religion. Once man becomes strong in understanding the process of the 2 is the same, man will become strong enough to be able to live across the U. Up to now there was no way, we could separate man from the problems of his birthplace, (3:22).

.. We received a threat from Mr. Gates in a very direct way, we have the recording. That we are going to report you to Mr. Gates, we're going to shut you down. We are going to stop all your activities in the country. Why, and organization like KF, who is there to

do. Because Gates has paid everybody, he has paid all the bosses. And he is a senior banker. We'll release his name and details, and then you'll understand. Gates is making threats to everyone, because he is positioning himself to become a world leader. When we tell you things, it is not just to talk.

(3:36).

... Stephanie do you want to talk. How are you feeling now? S- I am feeling much better. K- Do you still carry the pain? S- ...

(3:38).

(3:40).

S- I have a friend she is a nurse in hospital, they have a lot of deaths ..

.. The funny thing is the German law now, (3:42). not more than 2 people can be together at a time. What happens when you want to go see the uncle, do you leave the children at home?

(3:44).

S- They can't keep up with the burning of the body.

.. I think at the soul level people are getting together, .. K- I think this unity will, (3:46). come internationally. .. Because the Chinese created a false sense of security and it is going to bite them very heavily. They are trying to show it. But in the west we can't hide it. I think in Europe they're saying 10% of the total. I think in Iran the officials are saying 1.3 million Iranians will die. ... they estimate 800,000 to 1.3 million. We are working with some European nations that we are successful, and we'll carry on the same collaboration with Iran through. Then we'll take to Germany and France, Italy and the rest of it. Q: Caroline I have a question. ... (3:48). There are so many people getting demised, so called cleared ... but that is a false image isn't it. K- Cleared by whom, what? Q: Cleared from the hospitals that they have no more symptoms. K- They did that in China. .. But in Iran when they go home they do so with a bottle of Gans and a Cup of Life. This is the beauty now we started in this trial in Iran. Because now you know that they'll never come back. Q: But my point is that the people who are getting cleared ...

.. There is a very tricky point with this virus ..  
you give it back to me in a worse way. (3:50). This is how the virus is mutating ...

You have to support the body with high energy .. not sugar ..  
it goes the whole neural system ..  
(3:52).

.. This virus is taking its toll  
.. fry the date and add egg to it. That is one of the most

. When you take the CuO, you should not taste the salt, if you taste it, it irritates the throat and you keep on coughing. It's just to be one or two drops inside (this is for protocol and you add salt to the water only 1 or 2 drops), that you don't taste the salt. If you haven't washed your Gans's thoroughly, that it has some salt in it, don't touch it, the water has to be sweet. You put in, it has to be the water you drink. Then you'll find

many of you, because these Gans's are very strong, very strong, energy wise, you'll feel the irritation in your throat, or in your lungs. Take cooling foods. In Iran we have certain flower seeds they use. The Chinese do the same. You need something cooling to reduce the pressure, and you'll see the whole thing gone, the coughing gone and everything else goes. But you can't stop the process until the pains are gone, then you follow the process for a few hours afterwards. Then you step down to once or twice a day, and you keep on testing yourself. We see the Corona now, something like 4 to 5 weeks ahead of what you see, and the press covers, and the government covers, (3:56).

Any other question. Let's call it a day. Thank you very much for today. Please if you have had experiences with Corona record it and give to Iranians ...

(4:22). .. Q: I have known the T for the past 4 years, and started using it with my son with hyperactivity. ...

.. My question is, (4:24). you have said not to use dynamic reactors. ....

.. In the next step, if we do not see the changes  
(4:26).

.. Follow to the rules of the law. .. I hope we have a better news for next week. If we get approval we'll have an emergency meeting ..
