

33rd Knowledge Seekers Workshop Oct 23 2014

One of Reactors is in weight reduction, breakthrough, Children's Program already started, explained to child Plasma is its own technology not as physics, the important point is weight gain without any change in atoms, no destruction of anything, no BURNING, do not need supply from outside, Organizations are writing patents on the open teachings of the Foundation, back dating patents through Belgian office, Mr. Keshe doesn't want any patents, keep it open, the peoples job to keep it free, Replicate what goes on in center of Pyramid, why they were built, knowledge given 27,000 years ago and 6000 years ago not understood, they line up Magnetic fields can pin point and travel to any part of Universe, GPS for Universe, up or down, can dictate speed to travel to a point in Universe, Pyramids were taught by Masters man couldn't understand, 3 pyramids in line give position in Universe,

Structure of universe rest on structure of Plasma, How it is created, how stars are kept in position, Fukushima has the Energy Source of future in Tritium waters, Japanese don't understand (could go 50 years ahead on this planet), Tritium can be converted to a Gans easily, Plastic coated nano with caustic, Our skin is nano coated in 3 layers, plastic bottle nano coated acts like metal magnet, Questions about how to nano coat, Can't mix Gans because own atom spherical, Every little ball of Gans is it's own sphere like atom, they become new color don't mix, Water in Reactor behaves as a Gans of Water, like blood is a gans in body outside matter, Inside body is a vacuum, Not physical control but a unit they built captain has to control, the structure of plasma,

Moses went up Mt Sinai came down different, receive message with soul came down change back to man use knowledge to teach flock, He chose which part suited him and taught as man, in history he killed the male children of enemies, doesn't fit with Commandment not to kill, Hitler was Jewish same covenant with Moses also killed males of enemy in Holland for example, Same failure with Christ, Mithraism 3 Kings, 3 presents of Kings of Persia, think right, talk act right, Zoroastrians, Stone of Mecca, uncut stone for building of devi statue, all priests wear cross without Christ on it as symbol of fear by Romans, Illuminati's took over as a method of financial control, Same failures with all religions, Acceptance of covenant of religion should be love not out of fear, How does he know the things he knows? Soul of man and what is connected to man, He was poisoned by one of his own knowledge seekers but he keeps quiet, if he punishes he goes back to what mistakes were done in past by Prophets, Those who joined EU all their gold in Bonn bank (Rothschild),

The Reactors give and take as they need, this is the end of religion, you carry it within you, RNA is line of connection to gods, goes back 26,000 years, Serve and not to be served, Mother in Iranian house is the head, Mithra was female, when mother brought up correctly, families work correctly,
