

42nd Knowledge Seekers Workshop Dec 25 2014

Keshe Knowledge Seekers are working out of garages, like caves, dangers to come, (a recording was made this morning might be released later?), Reactor, field test put finger in for brief, feel pressure this magnetic field, he's very sensitive, he's not a normal chap, when come to do work, come equipped, Pressure means concentrate fields in one point, redefine matter, when put water in balloon under vacuum, all matter goes to point, everything magnetic fields, called Worm hole, Says Ellie in Enlightened state but have to work out some things, How to link up Fluoride in drinking water by Nano coating, doesn't destroy chemical but changes it so it doesn't harm digestion, body recognizes that it doesn't need these chemical which were made into a new chemical, need these filters in space, you drink poison but body doesn't absorb it, why you get cancers in certain places, pain pads do this a little bit, We receive everything on this planet by Nitrogen, conditions release fields from plasma, Enter the world of creation in the Universe, If I turn off the system the Gans belt remains, See rings inside central column in Plasma, like gaseous planets, Plasmas decide themselves which way to rotate, travel is in straight lines of the magnetic fields, you join different strengths that cause curvatures, can pass through planets, final talk about elevating the souls of the prophets of the past because they failed from human side and world now reaping their failure,
