Using a new plasma reactor formations, Materials production from reactors, make water from the plasma not atmosphere. This is the BREAK through reactor that can create any material ... but must be tied to Peace. Why choose copper in beginning is because muscle tissue in human has copper. CO<sub>2</sub> from air, Copper Oxide from land, Oxygen as MagGrav field as a connection line between, Amino Acids of Man with elements of earth. Health Cups just breath in, the Nano coat like skin of man (aura shows weakness or what is needed) determines what is needed by the body, then the cup gives you what you need. (MagGrav Canada). CO<sub>2</sub> kits. future Nano plates in separate compartment without contact w water. It doesn't create CO<sub>2</sub> on matter level, but the MagGrav field of CO<sub>2</sub>, describes how Amino Acid formed How life formed on this planet, it's MagGrav field reaction NOT chemical (1:26), get blood forming in kits, when control reactor control mind of man, peace and balance, can force man to forget animal behavior, will at same time feed him with what he needs. Impossible to control man, mind control comes through the physicality of man not through emotion.

Keshe Oasis Unit...

Developing a system to measure the MagGrav fields of materials, Magnetic is repulsion forces, Gravitation is attraction forces,

What a Black hole looks like, (similar to Saturn, 2:12), gaseous planets go eventually to matter, 3 reactors in shape of pyramid the forth structure was the Sphinx.

The color of the plasma identifies strength of mass of material. Black Gans would draw the whole universe into it. Black is only Nano here on earth, not Gans. In China they have broadcast the technology over public TV. (2:48) A vacuum is created inside the reactor, Ping Pong ball reactors, anybody can do. How pain happens from plasma point of view, electrical charges are released when C conversion from diamond structure to graphite, with pain pads you put it back as diamond structure, bridging the gap. Body of man is a Gans. The Pain Pads don't work for the source of Cancer, which comes from the operation of two glands, thyroid Parathyroid and Thymus.
