Agreement with Keshe Foundation is to make available Tritium to world as pay back to Keshe. Spaceship launch pad in new site. (:30). Ricks ball reactors. (:54). Production of water coming soon. (1:00). John Bliven from Arizona, with John Searl Aerospace to bring technology forward. At age of 4 had dreams about the laws of nature. Video of Searl Effect Generator. Keshe discussed this with USA Navy in 1975, it lead to levitation and not lift. Levitation on electron level on physical and not to lift. In the 1950's he built generators but they flew away, used dielectric and it became a free energy generator. He built a spaceship in England and flew around the world. Called "flying saucer man". He built a 21 foot craft flew all over England, these were UFO sightings. Trips to the Moon. John was placed in jail, burned down his house and shop. (1:23). Otis T Carr was taught by Tesla to build space ship and free energy. Space ship used rotation and counter-rotation. Operate the craft by mental interface and move through time and space. In order to operate the craft you have to have higher consciousness to operate. (1:41). The German Bell Spacecraft were used for war and so they didn't function properly. Secret space program by Richard Dolan, multiple programs. (2:00). Keshe goes over UFO and Spaceship and free energy. All these systems are still in the Matter state with magnets. Keshe is bringing in Plasma technology and totality of man in space. The Russians have put the rings different location and added Gans which made possible to control lift. No government has power to over turn the movement of Keshe to open to public and not dependent on one man. Collaborations must be fully open and transparent without Government control. Keshe extended his hand of collaboration. (2:17). Why haven't the governments come forward with Spaceship technology yet? Because missing something, what Keshe has developed, that is MG Field Plasma. Keshe describing all the attacks on him and other scientists. The governments are afraid of Keshe because he is uniting the common man. (3:00) The man from last workshop give presentation on spirit and science. (3:17) Lights filmed on the Moon, what is it.
